WORK EXPERIENCE

Denison Consulting

Jan. 2024 – Present

Senior Strategy & Analytics Consultant

- Conducted business analysis of **20+ industry reports** using **Excel pivot tables and Tableau**, then implemented system-based automation via HubSpot, which improved operational compliance and overall business performance
- Collaborated with **executive stakeholders** and mapped project workflows using Asana to enhance organizational structure visibility and **accelerate project execution by 20%**
- Conducted **comparable analysis for 50+ potential partner** companies based on **strategic alignment and financial viability**, creating **5+ client-oriented reports** with data visualization and strategic recommendations
- Built a **dynamic financial model in Excel** to assess ROI across 50+ product lines and proposed an action plan that reduced production inefficiencies and lowered inventory waste

Cleveland Neighborhood Progress

May. 2025 – Jul. 2025

Economic Development Intern

- Analyzed **economic and demographic data** for 10+ neighborhoods using Placer.ai, **identifying 50+ commercial assets and market opportunities** to inform strategic planning for \$2M+ corridor revitalization initiative
- Created **8 asset and investment maps visualizing \$2M+ in program funding and infrastructure projects**, supporting internal reporting and partnership development across the Middle Neighborhoods initiative
- **Conducted market research for 100+ local stakeholders**, producing 4 marketing templates and asset guides to promote neighborhood businesses and increase visibility for CNP programs

Denison University Annual Fund Office

Jan. 2024 – May. 2024

Student Ambassador

- Acquired over **\$1,500 in pledges and gifts**, contributing to the team's total donation of roughly \$90,000
- Collaborated with a team of 10 peers to conduct over **100 targeted phone outreach campaigns** connecting alumni and parents through **strategic conversations**

Whandle Candle Store

Apr. 2022 – Dec. 2022

Founder

- Founded and **managed independent e-commerce retail** business, overseeing **end-to-end operations** including product development, inventory planning, pricing strategy, and financial management
- Developed **merchandise financial plan and inventory forecasting model**, balancing sales projections with production capacity to generate \$500+ in revenue while reducing cost of sales by 15%
- Managed **cash flow operations** and created **financial dashboards** using Excel to track sales metrics, inventory turnover, and margin performance across multiple product lines

COMPETITIONS & PROJECTS

L'Oréal Brandstorm Business Case Competition

Spring 2025

- Developed men's grooming product strategy for L'Oréal's global Brandstorm competition, conducting market sizing, trend analysis, and competitive research to identify white space opportunities in men's beauty sector
- Created financial feasibility model and go-to-market strategy assessed on innovation, sustainability, and scalability, presenting business case to L'Oréal industry professionals

Accenture Case Interview Competition

Fall 2024

- Competed in case study competition, developed strategic recommendations, and pitch presentations to Accenture consultants about improving organizational sustainability development
